

WE LEARN, WE BUILD, WE PLAY...WITH LEGO® BRICKS

LEGO® AFTER SCHOOL PROGRAM

Your kid's learning doesn't need to stop when the bell rings. At Bricks 4 Kidz®, we believe it's important to tap into a child's potential by encouraging their curiosity and creativity in and out of the classroom. Our fun-filled model plans are designed by engineers and architects and they teach children how to use motors, batteries, and LEGO® Bricks.

This is a unique and exciting six-week program. We will engage your children in 60 minutes of motorized LEGO® build and free-play time, this will challenge their minds while keeping them active.

To enroll in this LEGO® club, please register online at www.bricks4kidz.com/surreynorth
